Paul & Carol Bramsen – Senegal
Dated: 11/21/2007

"Bless the LORD, O my soul; and forget not all His benefits!" Psalm 103:2

We thank Him for each of you who have been, in so many ways, an integral part of this ministry throughout 2007.

The past month has been full but refreshing as Carol and I have been privileged to spend time with many of you in many places, and present the challenge of reaching out to Muslims with God's love and truth.

As most of you know, the door is still wide open in Senegal to spread the Gospel via radio. Presenting God's story and message by radio is an effective way to gradually change the worldview of the Senegalese people and proclaim God's message of salvation and hope. Fifteen years ago this month, the first Wolof "Way of Righteousness" programs began to be broadcast across the land of Senegal. Today these chronological Gospel programs are being aired on 23 stations for a total of 61 fifteen-minute weekly broadcasts in three Senegalese languages. This open door is no small miracle, especially considering the fact that these stations are owned and operated by Muslims. Despite the steadily weakening dollar abroad, the Lord continues to provide through the sacrificial giving of His people.

A few months ago we asked you to pray that "The Way of Righteousness" might be broadcast on more stations in Dakar, a population center with about three million souls. Until recently we had only one weekly Wolof broadcast in this area. God is answering prayer. As of September, our radio program is now being aired on a second station in the Dakar area. This makes a total of two weekly broadcasts in this populous region. Still not much, but a 100% increase! And just this past week, another door has opened before us to take on more radio broadcasts in Dakar. A popular FM station has informed us that they are willing to sell us radio time, several days a week if we want it. Please pray fervently with us about this, that we will move forward in faith, but also in accordance with the mind of the Lord. Should we sign for one broadcast per week? or two, three or four? As you pray, please also remember the believers in Senegal who, as "living letters" among their people, have a potentially even-more-powerful-than-radio role to fill in making the Gospel known.

We praise God that *ROCK International* is taking shape and is beginning to provide a framework in the Middle East for providing relief, opportunity and care for kids in desperate situations. Thank you for your prayers for Nathan who is spearheading this effort. To learn more, visit ROCK's still-under-construction website at http://rockintl.org

Very thankfully,

Paul & Carol
