In this subject we will explore the nature of the Word of God and how to study and interpret it correctly. It is a basic study on Biblical hermeneutics (the science of biblical interpretation) and exegesis (bringing out the meaning of a passage). Such things as the pitfalls of interpretation and understanding difficult passages will be covered. After taking this subject you will be inflamed with a passion for God's Word, and you will make every effort to be "a workman who does not need to be ashamed and who correctly handles the word of truth" (2 Tim. 1:15).

#### **Apostolic Foundations TH 101 (1.5 credits)**

Term 1, Sunday 7:45-8:30pm (8 weeks)

In this subject we will seek to uncover the apostolic roots of our faith. Our purpose is to lay the deep and solid foundation of Christ in each student. This will be a discussion based class. We will examine the core and central teachings of the apostles and how they apply to our lives today. These classes will build a strong foundation in each student so that they can fulfil their destiny in Christ. A few years ago the teachings of this class prepared the way for a powerful outpouring of God's Spirit.

#### **Kingdom Time Management MN 101 (1.5 credits)**

Term 2, Sunday 7:45-8:30pm (8 weeks)

This subject will cover the basics of time management. It will be a discussion based and practical hands-on subject.
