Harry Potter Inspired Stitchery Set by Chatterbox Quilts

Includes Harry Potter Inspired Stitchery Set full-size stitchery pattern in regular and reversed format and instructions (4 pages total).

Materials:

Muslin or linen fabric - 8" square

Embroidery floss or No. 8 perle cotton in black, dark red, dark blue, yellow and lime green.

Take your 8" square of muslin or linen and trace the stitchery details on it by using a light box or window. I usually use a water-soluble pen to trace my design. If you prefer, you can use the reversed design with a ink transfer pen to trace your design.

Using embroidery floss (3 strands) or perle cotton stitch along the traced design, using a back stitch.

If you used a water-soluble pen to trace your design, lightly spray the stitchery to remove these marks and lay it flat to dry completely. Ensure that all the marks are gone before proceeding to ironing to avoid setting the marks permanently.

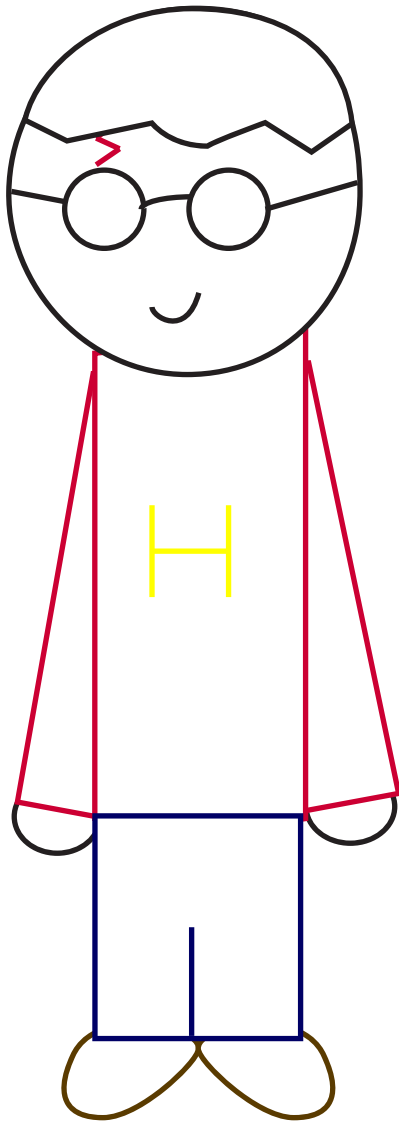

Lightly press your completed embroidered design on the wrong side.

Enjoy your Harry Potter Inspired stitcheries!
