CHRISTOPHER SEUFERT WEDDING PHOTOGRAPHY

The Approach

Award-winning photographer Christopher Seufert works twice as hard to capture both traditional portraits and dynamic journalistic style images of your wedding day.

A native Cape Codder with a walk-in gallery in Chatham, Seufert has an intimate knowledge of any location you may pick, whether your choice is an elegant resort wedding or casual commitment ceremony.

Photo Journalism at its Best

Christopher brings a true photo journalistic style to capturing your day.

He is in fact an actual, working photojournalist, freelancing locally for the Cape Cod Chronicle, Cape Cod Magazine, Cape Cod Voice, Provincetown Magazine, Boston Magazine, The Improper Bostonian, the Best Read Guide, and Rhode Island Monthly.

Your Photos and Proofing

Christopher provides state-of-the-art, professional proofing and proofing through Pictage.

Go through their photos online at your own pace. Create favorites folders, make photos private, invite guests, create your own photo album, and even purchase digital downloads, in addition to getting the traditional 8 X 10.

Prefer not to wade through the photos yourself? As a published author with four coffee table photography books to his name, Christopher can also create an entire hard cover book for you.
