TOGETHER AT THE TABLE

School of Christian Mission Theme

As Christians, we are reminded of the significance of the table in Jesus' life and ministry. All along his journey, Jesus shared meals in the home of friends. Yet, when we gather at the table, there are contradictions. At the table, there is feast and there is famine. At the table there is peace and there is conflict. At the table, there is hope and there is doubt.

FOOD & FAITH

Spiritual Growth Study

In this study, we explore how the bread and fruit of the vine illustrates the magnitude of God's love for us on multiple levels, and how God's presence is invoked and the divine and the ordinary connect in a mystery created by Christ and ordained by God. Our relationships with food are complex and individual. Food can be a companion, a comforter that can fill empty moments in our lives, and yet food can become an enemy, a cruel addiction that must be controlled, and overcome. The relationship between food and faith is also found in our hospitality to others. Explore the spiritual benefits of being full or empty, the food given to us by God for our well-being will satisfy more completely.

Giving Our Hearts Away: Native American Survival

The purposes of this study are to learn about the inter-relatedness between the indigenous peoples and their land, to identify key issues affecting the Native Americans in the U.S. and to examine the root causes of these issues, to understand and appreciate the "Give Away" culture of the Native Americans in the areas of spirituality, ecology, language, story-telling, food, and to lead the participants to act as responsible US citizens and Christians in accompaniment and solidarity with Native Americans.
