Saratoga Summer Stages is a six-week workshop in the performing arts. The six-week program is divided into 3 two-week sessions, each session focusing on a different musical theater production. Students may choose to attend for two, four or six weeks.

Session I: June 29th- July 10th

Session II: July 13th- 24th

Session III: July 27th- August 7th

On the first day of each two-week session our staff will help students prepare a song and simple movement piece, which students will then use to audition for the directors. After auditioning each student will be assigned a role in the musical production that has been selected for that session.

Each day, students will take acting, movement, and music classes with professionally trained instructors. Time will also be dedicated to rehearsing the production. On the final Friday of each session students will perform the full-scale production complete with live music, lighting, make-up, and props in a professional theater. Parents and friends are invited to attend the performances free of charge

Every student is guaranteed a part in the productions regardless of age or past experience level. Casting decisions are made based on audition performance.
