

**JULY 2008 SCHEDULE for TIDES in the AVON RIVER at WINDSOR, N.S.
and for the TIDAL BORE at MANTUA Bridge**

A tidal bore happens approximately 2 times each day. In this schedule, **blue** indicates the tidal bore which occurs during daylight. **Red** indicates the **strongest tides** which produce a more pronounced tidal bore. This month's strongest (large) tides are around the **New Moon on July 2nd** with **Perigee on July 1st**. Full Moon is on the 18th

Da	Tide LOW	Tidal BORE	Tide HIGH	Range Ht(m)	Tide LOW	Tidal BORE	Tide HIGH	Range Ht(m)
1	5:35	9:31	11:43	11.1	17:56	21:54	---	---
