Education

Graduate Study in Biology, ongoing University of Missouri – St. Louis / Missouri Botanical Garden

Bachelor of Arts in Linguistics, 2004 Swarthmore College, PA

Associate of Arts with Honors, 2000 Peninsula College, WA

Work Experience

Administrative Services Manager (North Olympic Library System) 2006-2008

Assisted board of county library system in creating and implementing system-wide strategic plan, budgeting, labor negotiations, and building a leadership team. Managed library workers, developed and implemented successful grants, acted as liaison to community advocacy groups and local decision-makers, built long-term demographic and budget projections, and helped to design and implement re-branding and public communications plan.

Research Consultant (Living Tongues Institute for Endangered Languages) 2006-2008

Conducted research, editing, and graphical work for a non-profit organization focusing on documentation of endangered languages.

Research Assistant (Swarthmore College) 2004-2006

Conducted research, editing and graphical work for Dr. K. David Harrison to produce *When Languages Die*, published by Oxford University Press in 2007.

Access and Lending Specialist (Swarthmore College McCabe Library) 2005

Managed student circulation workers and supervised the main campus library during evening hours.

Mellon Summer Intern (North Olympic Library System) 2004

Worked with director of county library system on tasks including contract and policy issues, grant production, digitizing archival materials, reference research, and graphic design.

Mellon Library Intern (Swarthmore College McCabe Library) 2004

Selected for a semester-long internship that culminated in collaborative work with faculty and librarians to produce an international academic symposium and accompanying exhibit.

Academic Assistant (Swarthmore College) 2003, 2004

Coordinated aspects of college classes in the departments of Biology and Linguistics, including choosing and evaluating readings, mediating small group discussion and facilitating field work.

Writing

National Geographic Books 2007

Researched, wrote and revised 'Oral Traditions and Memory' for the 2008 *Peoples of the World*.

Center for Applied Linguistics 2005-2006

Designed, researched and wrote a high school curriculum on endangered languages to accompany upcoming Ironbound Films documentary on language endangerment *The Linguists*.

Thomson Gale Publishers 2000

Researched, wrote and revised several zoological articles for the 2001 *Biology: Macmillan Science Library*.
