Heaven's Love

T. Meaney

G Am7 D G
Heaven's love is way beyond me
 G Am7 D G
I long to walk those streets forever, to dance and sing.
 G Am7 D G
I don't know why he died for my soul but someday I'll see
 G Am7 D G
I'll keep on following Jesus till the day we meet

Things are happening 'round me way too fast
It seems the stuff of this world could never last
So I'll put my faith in something that will last indeed
I'm talking He who made the heavens, heaven's love's in me

Way too many friends have lost their aim
They seem to have followed something hollow that's not the same
Well listen up and let me tell you, there's one God for me
His love is way beyond the heavens, heaven's love's in me

C D G
Someday I will understand
C D G C D - C9
The mystery of your love, the beauty of your perfect plan.

So make your decision, come on up with me
You can either give your self to this world or live endlessly
I promise you my friend if you follow me
He'll take you up into the heavens, heaven's love's in me

The Duck Song

S. Van Dorn

E A E A
Well the ducks go by - quack quack quack quack

E A E A
And things go up and things go down

E A E A E A E A
And the world goes around, and around, and around, and around...

E A E A E A E A
And God lives on - can you dig it, can you dig it, can you dig it? (whooh!)

Well He's for you and He's for me He died to set His people free from sin...won't you let Him in?!

Well He made the birds and He made the bees and He made the flowers and all of the trees can't you see He made you and me!

One, two, three, four. He's gonna open every door for you if you ask Him to.

He is Here

T. Meaney

E C#m A B
He is here, He is here, He made the universe and He is here.
E C#m A B E
He is here, He is here, He lives inside my heart, and He is here.

He is here, He is here, He made the universe and He is here.
He is here, He is here, He made me who I am, and He is here.

He is here, He is here, He made the universe and He is here.
He is here, He is here, He lives inside my heart, and He is here.

He is here, He is here, He made the universe and He is here.
He is here, He is here, He made me who I am, and He is here.

Here Am I

T. Meaney

G Am
You'd never know it but something hurts in me
C G
So bad I can not even pray.
G Am
I have a darkness that's inside of me
C G
Fear – it could steal my life away

G Em Am C D G
Lord here am I, prepare my heart for what it is I am to do
G Em Am7 C D G
For way too long I've given in to things that keep me far from you.

If I could only turn my life around, and see myself as Jesus sees. I'd hold up high the light that I have found, and quench this wickedness in me.

D G D G
You've given me peace on earth, you've given me wings to fly
D G Emaj
High above all the things in this world that can drag me down.
Am7 D Am7 D Am7
I have seen the power of grace, in the mercy of God upon this place
Am7 D Emaj
Reaching down you saved me with one prayer.

A F#m Bm E A
Lord here am I, prepare my heart for what it is I am to do
A F#m Bm E A
For way too long I've given in to things that keep me far from you.

I Do Believe

T. Meaney

G G/F# Em Am7-Amt/G D
I do believe, I believe in You, I believe in You.
G G/F# Em Am7-Amt/G D
I do believe, I believe in You, I believe in You.

G G/F# Em G G/F# Em
When all I do seems so small
Am7-Amt/G D
I've gone through tests and failed them all, I do believe

When I've been weakened by my sin,

The layer of my life seems so thin

I start all over and begin - I do believe.

Lord, I want to do what's right
To live for you day and night, I do believe
If I should ever turn away
If I should start to stray
Keep me in your hands I pray - I do believe

If I should fall and lose my way
My faith will bring me home again

Just the Way You Found Me

T. Meaney/R. Stonehill/B. Williams

E

For so long I sat alone

E

In this house of wood and stone

F#m E

Wanting to return to what I'd known

E

For too long I walked the line

E

Lived my life like it was mine

F#m E

Looking for a dream I'd never find

F#m

You took me just the way you found me

A E

Then you put Your arms around me Lord.

F#m

And Your gentle voice, it called upon me

A E

Telling me to come home soon, come home

Now I stand on solid ground

And your voice the sweetest sound

Your word tells me how Your love came down
