

SUMMER READING 2008

WHAT DO I HAVE TO READ?

YOU are in charge of picking the books and determining **your goals** for summer reading. Try something new or stick with your favorites.

HOW MUCH?!?!?

This is an **independent** reading plan that is different for **EACH** student.

WHO SAYS IT'S OKAY?

Your individual plan must be **SIGNED** by your **parent** and **APPROVED** by your **teacher**. IF you make changes during the summer, ask your folks to initial the changes.

WHEN IS IT DUE?

When you return to school in August, your new English teacher will tell you **when** to turn in your log. You will have a chance to compare your accomplishments with the goals YOU set at the start of the summer.

BORING BOOK?

IF you start a book and decide it's not what you thought it would be, **start something else!** Ask friends or family for ideas or seek out the opinions of librarians or bookstore clerks.

DOES IT COUNT?

Of course! Your teacher will expect you to turn in this reading log. Also you will begin 6th grade by sharing information about yourself and what you like to read!
