

# SUMMER READING 2008

## WHAT DO I HAVE TO READ?

**YOU** are in charge of picking the books and determining **your goals** for summer reading. Try something new or stick with your favorites.

## HOW MUCH?!?!?

This is an **independent** reading plan that is different for **EACH** student.

## WHO SAYS IT'S OKAY?

Your individual plan must be **SIGNED** by your **parent** and **APPROVED** by your **teacher**. If you make changes during the summer, ask your folks to initial the changes.

## BORING BOOK?

If you start a book and decide it's not what you thought it would be, **start something else!**

Ask friends or family for ideas or seek out the opinions of librarians or bookstore clerks.

## WHEN IS IT DUE?

When you return to school in August, your new English teacher will tell you **when** to turn in your log. You will have a chance to compare your accomplishments with the goals YOU set at the start of the summer.

## DOES IT COUNT?

**Of course!** Each teacher will expect you to turn in a reading log **AND** complete an assignment in which you **share ideas** about one or two of your favorite books and your reading habits.
