Dear Port City Pipes and Drums Members –

I cannot thank you enough for participating in the multi-cultural concert Sunday! It was an experience beyond any known superlatives. It was fun, it was educational, it was inspirational.

Your pipers and drummers were spectacular! I loved the “surround sound” of the entrance from the lobby. The audience reacted just as we had hoped – they looked around and then began to smile, and continued to smile. Perfect! The drum set was impeccable. I hope you all enjoyed the afternoon as much as the audience. The comments from them are just great.

Thank you for all your hard work and your patience. You are a delightful group. Continue to enjoy!

Sincerely,

Nancy Pritchett
